

Eagle Cleaning hopes that you and your families are doing well during this unprecedented time.

We have remained open during the COVID-19 pandemic to serve our clients and ensure their businesses remain safe, healthy, and clean.

We have been keeping up with CDC recommendations, and have been taking important steps to ensure the safety of our cleaning crews.

In accordance with OSHA (Occupational Safety and Health Act), we as a company have been taking the following measures:

- Promoting frequent and thorough hand washing/hand sanitizing.
- Encouraging workers to stay home if they are sick.
- Encouraging respiratory etiquette, including covering coughs and sneezes.
- Maintaining regular housekeeping practices, including routine cleaning and disinfecting of surfaces, equipment, and other elements of the work environment.
- When choosing cleaning chemicals, we have consulted information on Environmental Protection Agency (EPA)-approved disinfectant labels with claims against emerging viral pathogens. Products with EPA-approved emerging viral pathogens claims are expected to be effective against SARS-CoV-2, based on data for harder to kill viruses.

Health and safety are always our number one priority, we are committed to keeping our staff and clients businesses clean, safe, and healthy.

For any of your cleaning needs and/or questions, please contact us.

Be well, Your team at Eagle Cleaning
