

"The Innovative Cleaning Professional"

As Massachusetts reopens on May 29th Eagle Cleaning continues to keep you and your employees our top priority. The work we do is critical to keeping your work environment clean, sanitized and disinfected. We are committed to being there when you need us most. The cleanliness of your work environment is more important than ever. There are many ways we can help keep you and your employees safe.

- **Spring cleaning/deep cleans** - Let's give your facility the much needed once over; getting all the nooks and crannies with our commercial grade disinfectant cleaners.
- **Electrostatic Disinfection Service** - Have a positive or possible case? Call us for electrostatic disinfection. Electrically charged disinfection solution kills virus and bacteria on all surfaces with minimal downtime.
- **Floors and Carpet** - How do your floors and carpets look? Rock salt and sand can wear down your floors and carpets and make them look dingy. We can help you spruce up all the areas that may have gotten dirty during the colder months.

We have you covered!
